- * High Point classes must be declared on the entry form for points to apply toward the award.
- * There is a maximum of three classes that can be chosen and added in for points.
- * The number of exhibitors in a class will determine the number of points first place is worth. For example, in a class of 6 exhibitors the first place will be worth 6 points, second is worth 5 points, 4th is worth 4 points, etc., until last place which would be worth 1 point.
- * The points of all three chosen classes will be added together and the exhibitor with the highest number of points will be declared the "High Point" all around winner for each division.
